Three Lakes Item 21

Quantity	Product Description	Part Number	Unit Cost	Extended Non-Recurring Pre-Discount Cost
2	Terminal Server Node Enterprise Class 4U Chassis based on Intel 4 Socket, Multicore ,32GB Memory, 12 integrated Gigabit network adapters, SAS Drives	QWK.NODE	$25,000	$50,000
1	Auxiliary Power Units 850 watt, 1500 Volt Amp Nominal Output Voltage, 47-63 HZ, Stepped Approximation to a sine-wave waveform type, NEMA5-15R battery backup, NEMA 5-15R surge protection, 120 Volts input, Input connections NEMA-15P, 1.83 meter cord length, 89-139 volts input, lead acid battery with 8 hour typical recharge	QWK.APU	$5,000	$5,000
2	QOS-Operating System QOS is the set of tools, facilities and resources specifically developed to manage QWK2LRN Terminal Server Nodes. QOS is an enterprise class high availability, multitasking, multiprocessing, Operating System that manages all Terminal Server Node hardware functions and interfaces.	QWK.OS	$8,900	$17,800
10	Classroom Access License QWK2LRN simplified licensing model combines all six licensing modes into one simple model: ➤ User CAL licenses included ➤ Device CAL licenses included ➤ External Connectors licenses included ➤ Per Processor Licensing included ➤ Internet Access Licenses Included	QWK.CAL	$35,000	$350,000

Qty	Description	Code		
	► Human Activity on a Computer license Included ► Non human automated function licensing Included Licensing is a nonrecurring, per classroom, one time charge .			
1	Cabinet Electronics Wiring 42U, rack with 19" EIA rails	QWK.CAB	$5,500	$5,500
10	Classroom control unit Management console for managing up to 50 Classroom Network Adapters	QWK.CCU	$1,500	$15,000
200	Classroom Network Adapters CNA's are the hardware units that allow Monitors, Keyboards or Mice to attach to Priority 2 terminal server infrastructure.	QWK.CNA	$250	$50,000
